ABOUT US

MISSION:

Through research and training improve population development, reduce poverty, support employment and business development; facilitate employment market, career guidance services and humanitarian work for mentally challenged children.

OUR PRINCIPLES:

1. Customer satisfaction
2. Honest and ethical attitude
3. Promotion of co-learning and cooperative spirit
4. Respectful and friendly communication

OUR ACTIVITY

RESEARCH, ASSESMENT, MONITORING:

Research unit of our organisation consist of advisors, full time and contract researchers, data collection team supervisor and enumerators, data system team supervisor and data input team, monitoring team.

Based on the scope of project, we can arrange multiple teams with appointed project supervisor and executive director will provide with leadership and advice.

We conduct economic, social and political research project based on the customer needs with international methodology and using advanced technology.

SURVEY

TRAINING

PROCUREMENT SPECIALIST TRAINING

We organise 'procurement specialist training A3' with official license from Ministry of Finance. Increase in certificate holders enables public's participation in monitoring government procurement policy, transparency in government's procurement processes. Also consultancy on tender document preparation for entities.

TRAINING FOR SMALL AND MEDIUM ENTREPRENEURS

In 2012 our organisation acquired training license from Labour and Social services agency under Ministry of Labor to provide training, consulting and information services for employer organisations and business training for unemployed citizens.
